ALAMEDA COUNTY OBSERVES MEMORIAL DAY

RACE TRAIN IS WRECKED

Holiday Seekers Face a Deadly Peril

NEW YORK, May 30.—Several persons were injured when a Long Island train was derailed at the Belmont race track station this afternoon. No one was seriously hurt.

The train was drawing in at the station when the forward trucks of the third car jumped the track and the car crashed into the platform. As the car plowed through the platform ripping up the planks for a distance of over a hundred feet, there was a scene of wild confusion. Men and women ran screaming from the entrances and tumbled out in heaps upon the ground.

LAUNCH FLOWER BOAT TO HONOR DEAD IN SEA

OMAHA, May 30.—A unique feature in the Memorial Day celebration was the launching of the Missouri River of a boat filled with flowers in memory of the soldiers buried at sea. The services were under the auspices of the women's relief corps. A note was attached to the boat asking all finders to push it into the stream should it land anywhere.

VETERANS PARADE IN GARDEN CITY

SAN JOSE, May 30.—The local posts of the G. A. R. and the Spanish War veterans and the public generally today observed Memorial Day by a veterans parade, and strewing of flowers on the graves of soldiers at the cemeteries. Appropriate services were held in the Unitarian church where an address was made by Dr. Cruikshank.

Southern Pacific Traffic Delayed

BEAUMONT, Texas, May 30.—The heaviest rain in the history of this city has been falling since last night. The Southern Pacific tracks are washed out thirty miles west of here temporarily stopping traffic on the main line.

Gunboat Helena Ordered to Amboy

WASHINGTON, May 30.—Instructions have been cable to the commander of the gunboat Helena, which arrived at Fuchow, China, a few days ago, to return at once to Amboy, the nearest port to the scene of the armed uprising. At least a German and British warship have been sent to Amoy and Canton respectively.

Provincial Troops and Rebels Fight

CANTON, China, May 30.—A severe engagement has occurred between the provincial troops and a body of rebels, resulting in a victory for the former. The rebels lost over a hundred men killed and the government forces captured a number of flags and considerable ammunition. The rebels are active.

Attempt Is Made to Murder Priest

LUBLIN, Russia, May 30.—An attempt was made yesterday to assassinate Bishop Yatshevsky, of the Catholic Church. A man who subsequently was identified as a socialist agitator, fired several shots from a revolver at the bishop while the latter was walking through a street here, and then attacked him with a dagger, slightly wounding him. The bishop's life was saved by a priest, who sprang between him and the would-be assassin, who was captured by the police.

GRAVES OF DEAD HEROES STREWN WITH FLOWERS

Orations Delivered by Congressman Joseph R. Knowland and Other Speakers.

Over "low green" tents at Mountain View Cemetery impressive memorial services were held today by several thousand Americans, including many soldiers of the grandest army that ever struck for liberty, nationality and the rights of mankind.

Today men, women and children turned away from every occupation to seek the graves of their loved and lost ones. None of the departed ones were forgotten, for wherever they slept their couches were strewn with flowers. Looking from the north, east, south and west one could see nothing but masses of roses, violets, carnations, placed by the officers of the Grand Army of the Republic.

Today all the posts of the Grand Army of the Republic and kindred organizations, including the Ladies' Auxiliary of the G. A. R., the Women's Relief Corps, the Sons of Veterans and the Spanish War Veterans took part in the ceremonies. The members of the local Grand Army posts, with the Spanish War veterans, met in uniform at the cemetery gate and then, headed by Company A, Veteran Reserves, marched to the graves of the veterans.

The program for the day's ceremonial was opened with patriotic music by the Lockwood School Band. While bowing low over the graves of old comrades.

SCHMITZ CASE GOES OVER TILL TOMORROW

SAN FRANCISCO, May 30.—This being a legal holiday, the selection of the jury for the trial of Mayor Schmitz on the extortion charge, was continued by Judge Dunne until tomorrow morning. At the close of yesterday's proceedings sixteen talesmen had been examined, without adding any to the eight already in the jury box. Three peremptory challenges were made, two by the defense and

GIRL KILLS INVALID SISTER, THEN COMMITS SUICIDE

SPRINGFIELD, Ill., May 30.—It is now deemed certain that Cora Leader Brand, aged 17, killed her invalid sister, Carrie, aged 7, and then killed herself yesterday with the same revolver recovered from the creek near where the bodies were found floating nine miles north of here. It is believed that after Carrie was shot the body was

HOW ALAMEDA COUNTY OBSERVED MEMORIAL DAY

Here is the way in which Memorial Day was observed in Oakland: Members of the Grand Army of the Republic, the Ladies of the Grand Army of the Republic, the Women's Relief Corps, the United Spanish War Veterans, commemorated the anniversary of the death of their veterans at Mountain View Cemetery this morning at 10 o'clock, with solemn ceremonies. Appomattox and affiliated posts assembled here. All the Sons of the Veterans of the Civil War met at the cemetery gate and gathered at the plot. Companies A and F of the militia of the National Guards and the Boys' Retreat Drum Corps furnished patriotic music at the cemetery. The services concluded at the plot of the United Spanish War Veterans, where an oration was delivered by Honorable Joseph R. Knowland, who paid high tribute and homage to the dead soldiers. The D. D. Porter Post, No. 169, and the Lyon Post, No. 8, congregated at the cemetery in a body. The Women's Relief Corps of Berkeley of Company A of the Veterans Reserve gave a dinner after memorial services in Odd Fellows Hall, Companies N and M, First Regiment, League of the Cross Cadets, held services at St. Mary's cemetery at 2:30 p. m. At Evergreen Cemetery Lyon Post, No. 8, G. A. R., held their exercises. Commander Van de Mark delivered the introductory address and Judge Gibson delivered the memorial oration. Children of the Melrose, Dewey, Lockwood and Fruitvale schools assisted in decorating the graves.

FORTY THOUSAND ARE IDLE IN SAN FRANCISCO

SAN FRANCISCO, May 30.—According to a report submitted by Harbor Commissioner W. V. Stafford, formerly State Harbor Commissioner, to Governor Gillette he approximates the number of persons idle in this city

at present, as the direct and indirect results of existing labor troubles, at 40,000. He adds:

"The San Francisco musicians' union has a membership of 900. At this time but 50 are working regularly. The majority of the members in the union are taking turn about for this employment."

"Of about 6000 clerks and salesmen in retail stores, 2000 are out of employment, and those that are working get two days off weekly, some with and some without pay."

"There are 12,000 iron workers, 2000 carmen, 500 telephone girls and 1700 laundry workers out on strike."

"Ten thousand men of the building trades are out of work, through strikes, lack of material and lack of money."

"Three hundred laundry wagon drivers are out of employment as a result of the laundry workers' strike."

"Up to a month ago architects took draftsmen who could not speak English, and were glad to get them. Now there are four or five applicants in every office daily and no work to be had."

"The restaurant business is cut in half and the help diminished proportionately."

"Four thousand laborers on street railroad work are laid off. They walk the streets in droves looking for work and congest the employment offices."

Charles F. Cordes, John McDonald and William G. Burton, the first two members of the conference committee of the Carmen's Union and the latter its organizer were arrested yesterday on charges of attempting to damage the electrical plant of the United Railroads Company at Turk and Fillmore streets by short circuiting the company's wires at Sixteenth and Church streets. The men arrested deny emphatically that they took any part in the work of short circuiting, and the secretary of the Carmen's Union asserts that the whole thing is merely a part of the plans of the United Railroads to disrupt the union.

PORTERS DEMAND TIPS, REFUSED, SO STRIKE

NEW YORK, May 30.—The hotel porters who have been talking strike for several weeks quit yesterday in twenty of the largest hotels. They demand all the tips, which, under the present system, they have to divide with the head porters and a minimum wage scale of \$25 a month.

CORPORATIONS GETTING BUSY

Prosecutor Heney's Sleuth Says They Are Trying to Influence Candidates for Jury in the Bribery Cases.

SAN FRANCISCO, May 30.—Detective Burns denied the statements attributed to him in the morning papers to the effect that corporations and the United Railroads were attempting to influence talesmen in the Schmitz trial, but finally admitted the story in substance.

"I will say this much, that we know and almost everybody knows that the corporations interested are trying to help Schmitz in this trial."

"Why are the corporations interested?" asked THE TRIBUNE correspondent.

"I shall not give any information on the subject," was the reply.

The correspondent told Burns that Schmitz had declared it was attaches of the prosecution who were interviewing talesmen and not detectives as had been charged.

"We know for a fact that the detectives of the city are working in this respect. I do not say they were talking to the talesmen but they were investigating the talesmen."

"Is Dinan engaged in the business?" asked the correspondent.

"He is doing worse. He is interviewing witnesses."

"Will you join the commercial bodies in the request that Schmitz remove the present police commission and appoint another for the removal of Dinan and a preservation of law and order?"

"That is not for me to say. We are engaged only in the prosecution that devolves upon the citizens and it would be presumption in me who has been here for only a short time to take part in such a move."

LAUCK SPENDS DAY ON DUTY

Says He Is Always Ready to Summon the Militia if It Is Needed.

SAN FRANCISCO, May 30.—"It took three doctors to revive me," said Adjutant General Lauck, when I read in the papers that I was slated for chief of police.

"I do not know what is to be expected next. Conditions in this city are certainly in a queer state of affairs, politically as well as industrially, when we are treated daily to such wild predictions."

General Lauck was on duty today at Governor Gillette's headquarters. Governor Gillette left on an early train

for Petaluma where he is taking part in memorial services.

The expedition with which the militia will be called out was evidenced by General Lauck's alertness in maintaining a watch upon the situation today. He was in readiness to call upon the troops at a moment's warning.

"There is no telling," said General Lauck, "at what moment something will break. I shall be bound to be on guard. While I would have been glad to take part in some of the exercises of the day I do not want anyone to say no one was there if an outbreak should occur in San Francisco."

MAESTRETTI CLAIMS HE HAS BEEN SLANDERED

SAN FRANCISCO, May 30.—Ex-Public Works Commissioner Frank A. Maestretti has brought a civil suit for \$20,000 damages for slander against Contractor J. R. Blanchard, who testified in the examination to his fitness to serve on the jury to try Mayor Schmitz for extortion, that he had been held up by Maestretti for \$100 in order to get acceptance of street work performed and the payment of his claim. Blanchard has since reiterated what he said on the stand under examination as a talesman and added

with emphasis that he could prove the charge. Maestretti pronounces the charge untrue and defamatory, and he and his attorney, Robert H. Countryman, are considering the question of bringing an additional suit for criminal libel against Blanchard. In the latter a fine legal point is involved. The statute requires that the libel complained of shall be in writing. Whether the shorthand notes of his testimony as a talesman can be ascribed to him, as if written by himself, is the question at issue.

REORGANIZATION OF POLICE COMMISSION

SAN FRANCISCO, May 30.—The reorganized committee of fifty, is practically the same in its personnel as when first appointed by the Mayor, representing the five commercial bodies in the city. At a conference held yesterday, it selected an executive committee consisting of C. H. Bentley, president of the Chamber of Commerce, Frank J. Symmes, of the Merchants' Association, A. A. Watkins, of the Board of Trade and President Litchell of the Merchants' Exchange.

The committee also prepared a list of citizens whom it considered qualified to serve as Police Commissioners and addressed a letter to Mayor Schmitz formally requesting the removal of the present Police Commissioners and the appointment of a new board from the list submitted. Governor Gillette was asked to add other names to the list; but the Governor declined on the ground that he could not with propri-

At the conclusion of the Comrade Thomas adds Memorial Day ceremonies in connection with the ritual of the G. A. P. and the reading of letters by the adjutant were fully carried out. Lincoln's Gettysburg address was then delivered by Comrade J. A. Taylor. It was followed by a national hymn after which a poem composed for the occasion was read by the author Comrade J. H. Pierce.

The following poem entitled "The Swan Song of the Veteran" was read by the author (Comrade J. H. Poles) at the Memorial Day services in Mountain View Cemetery today:

Some members of the company who were coming directly under the famous big tree, were told to be very careful and sprout carefully, preserving it in a can brought in to Oakland and presented to the city of Oakland in 1902. At the time of the World War 1914-1918, great and important citizens, the roll of honor of the city of Oakland, were gathered among the thirteen young ladies of the Oakland schools. Three sisters were fired upon by the enemy. One of them was a girl named Wai. This tree here is the seedling of Wai. Olgan, an artist, will probably finish the tree in the next year. We have a marble monument will have crumbled to dust and be blown away with the wind. This tree here stands as a witness above all else in majesty and strength.

"I could only talk to William McKinley now as did between Olgan and I." Wai would say. William McKinley was the only one who was there. We were here to talk and think about you. We want you for our father. The great tree here is the seedling of you. We are looking for a little under the bar. We are coming out to meet you. We will wait.

J. R. Knowland Delivers Address

The memorial address was eloquently delivered by Joseph R. Knowlton. It was as follows:

"It was my privilege to visit the battlefield of Gettysburg and my good fortune to be accompanied by an old soldier who has participated in the great struggle. As I tramped over that historic ground made immortal in the national history and said to be the most important in the world, my guide pointed out to me the positions occupied by the famous generals and soldiers in the great battle during the three days of that historic struggle. I listened with absorbing interest to his vivid story of the fighting and the heroism of the survivors and of the heroism of the thousands who perished on this field.

"I belong to a generation that is scarcely a generation removed from the early Appomattox and my knowledge of the thrilling events of '61 and '62 has necessitated a study of the history of the war. Upon the occasion of my visit to Gettysburg however the years seemed to roll back and there was a realization of the meaning of war and a conception of the mighty power of an aroused people.

"It is a great cause that which the field dearest to our life itself. And as it further adds to the pressure of the war, the surrounding country is a silent city of the dead within which sleep countless thousands whose lifeblood consecrated

PANKS ARE THINNING

Today in every section of our country patriotic citizens are gathering around these grass-covered mounds to mark the succeeding Memorial Day we notice that the ranks of the veterans of the Civil War are becoming smaller and smaller. The firm files is making greater havoc than did the fire of the foe. A few years more and only our war-marching files will remain.

This decimation in the ranks is brought strikingly home to me by the pension records which show that during the last fiscal year the names of 4,000 veterans were dropped from the rolls on account of death. Frequently on pension day when Congress is considering the file of applications for pension, I have seen the funeral of the comrade and heard him withdraw in disgrace, the beneficiaries have died while the pensions were pending. The appropriation for the fiscal year 1906 was \$2,000,000 compared with the previous year the application filed in 1906 were for \$1,854,000. American citizen bridgides I hope the amount we pay our soldiers' and sailors' dependents in many instances are too small.

AMERICA GENEROUS

It is to the credit of this great country that not only our government but the people of this country have shown the proper treatment of those who have fought its battles as well as the United States. France pays Annually \$100,000,000. Great Britain pays \$100,000,000. Germany pays \$100,000,000. Italy pays \$100,000,000. Austria Hungary \$10,000,000. Japan \$10,000,000. Russia \$10,000,000. These four great powers pay a total of \$400,000,000. The United States pays \$100,000,000. This is in modern warfare. The United States pays annually of \$18,000,000 for pensions which is about 18% of the amount paid by the United States.

This eternal clumping ground before us has with the white stones is tantamount to a warning to the living. The living must pay a tribute to the dead. We should recognize our duty to the living and go home to be buried in the soil of the living. What text in words of the immortal Lincoln uttered at the dedication of the Gettysburg National Cemetery.

It is for us the living that we must be dedicated here to the unfinished work which we cannot finish alone. We must have more advanced. These words uttered over forty years ago are as applicable here today as when first uttered. It is at this time we should be as loud as it does at this moment for a sturdy manhood that will stand up defiantly against the strongest pressure of the enemy. The enemy is the life of the government needs men of high purpose and high convictions and strong power of the courage of the living. The enemy is the new dangers. During these times sister influences appear to be active on every hand and the nation finds it easier to stand than to stand up.

CALIFORNIA'S PART

Our great commonwealth of California has played a most important part in both the Civil War and the recent war with Spain. When this part of the world was first discovered by the Spaniards, the natives were fifteen free and fifteen slave states. The question came before Congress, whether the first day of the new world should be forever the day of the free and the slave, or to later break in all its fury upon the nation threatening the very foundations of government. A bitter "fight was waged" and the great struggle was over. The debate when a tie was finally cast, California was admitted as a free state, and the great struggle was over. The debate when a tie was finally cast, California was admitted as a free state, and the great struggle was over. The debate when a tie was finally cast, California was admitted as a free state, and the great struggle was over.

Within recent years of

dealed with Spain. The State area played an important part in national affairs. When on the next morning the news of Dewey's great naval victory in Manila bay the turned of every American citizen were excited and proud. The news of the Gethsemane Without Imperial reinforcements a signal victory might have turned into a humiliating defeat. California was equal to the emergency. The first transport, her decks crowded with the young manhood of this State were embarking for a foreign shore where they would be fighting to protect the things they loved and eventually secure a benighted and oppressed people to the benefit of all.

Mr. Congressman Knowland paid a tribute to the brave men of the Spanish American war who were present and in conclusion declared that it was a matter of constitutional right that this country was peopled with every nation.

The former wearers of the Blue A

of the Gray are now brothers under one flag and citizens of a common country," he concluded. "Let us all unite in the promotion of political virtue for the protection of the American people and American institutions."

After Knudsen's address came the following:

I stood upon a lofty peak, the heavens overhead,
And asked the night to say where sleep California's soldier
dead—

Where are the boys who came not home when war its banners
fur'd,
And, flushed with victory, we stood before a gazing world?
From North and South, from East and West came answers
on the breeze,
The winds of mountains round me met, the storm-breath of the
seas,
And zephyrs from the orange groves came to me there to tell
Of God-loved, angel guarded graves in many a Southern dell.

Where the mighty Mississippi rolls majestic to the sea,
And where Potomac rushes past the folded tents of Lee—
Where Lookout Mountain to the sky in grandeur lifts its crest,
Where sweeps the old Missouri thro' the prairie, of the West—
In forests of palmetto, in shaded brakes of pine
Where seldom seeks the busy bee the blossoms of the vine,
In shrouds that are immortal, won on fields of carnage red,
Waiting for the final muster, sleep California's dead

At Gettysburg and Arlington they share a hero's tomb.

And where the hands of hunger shut on them the gates of
doom;
On Georgia's fertile fields they lie, their dreams of battle o'er,
California's sons who marched away to come home never-
more;
Their arms are stacked, their tents are struck, for them on
land and sea
The battle drums of Fame have beat the soldier's reveille;
The flags they crowned with victory, o'er them their splendours
shed,
And Honor guards the spot where sleep California's gallant
dead
They lie on many a well-won hill, they camp on many a plain,
They dream where once the battleships with iron cut the main.
The roses of Virginia bloom above a missing host,
Their graves are mile-stones all the way from Nashville to the
coast,
They're touching elbows yet, I know, where once they loved to
stand.
Where flows the Rappahannock and where roils the Cumber-
land.
The likes of the Golden West their snowy petals shed
Upon the dewy pillows of California's soldier dead

To the stars that shine at even there is not one missing grave
Their golden light falls softly on the loved and absent brave
And He who sees a sparrow fall has marked the holy spots
And angel hands have planted there His own forget-me-nots
We've left them to His keeping for we know He'll keep them
well

Tno' lost to us they are today in wilderness and dell,
And tho' we nevermore shall hear their gay and gallant tread
We know God's hues will awake California's soldier dead.

O sleepers on the mountain side! O campers 'neath the pines.
O ye o'er whom are blooming now the gentle Southern vines.
Beside you I would stand today, God's azure arch above,
And deck you with a symbol of California's deathless love.
She holds you in her heart of hearts, for her on land and foam
You fought and sent her banners back, but nevermore came home;
The sun upon our grand old State, his beams will cease to shine
Ere she forgets one comrade of her own heroic dead.

LIVELY TILTS IN LIQUOR MEETING Twelve Licenses Granted

Several lively tilts between Councilmen Oliver Ellsworth, H. T. Burns and W. J. Darcus marked the session of the liquor license committee of the City Council last night. Warm words passed between Councilmen Ellsworth and Burns when the application of Alex Olsen for a license to conduct a saloon at 202 Fifty-ninth street was before the committee.

A protest was filed against the application by property-owners in the neighborhood. It was claimed that the district is being rapidly built up with homes and that the saloon, which has been located there for many years, is a detriment to the locality and not properly conducted.

After several protests were heard, Councilman Ellsworth said: "That is sufficient testimony for me. I move that the application be denied."

"Wouldn't you give Olsen a hearing?" hotly queried Councilman Burns, who is chairman of the committee.

"No, not in this case, when property owners declare that the place is not properly conducted, and that little children are compelled to pass it on their way to school," answered Ellsworth.

"Well, that is a peculiar way of doing things and I think the protest is only spite work," asserted Burns.

Councilman Ellsworth seconded Ellsworth's motion and it was carried.

The application of Patrick Mulvihill for a license to conduct a saloon at 5502 Telegraph avenue was another cause of a squabble between members of the committee. James Farley and J. A. Munro, filed protests against the application, claiming that there were enough saloons in the vicinity.

Mulvihill claimed that another saloon at various times carried his wife and ordered her to leave his house.

SAYS LIQUOR CHANGES HER

Allegation Is Made That Wife of Millionaire Drank Heavily.

NEW YORK, May 30.—Although Howard Gould himself is not talking for publication, statements on his behalf are being given out through friends. After Gould had a conference with his attorney, Delaney Stern today a friend who was with him said:

"Mrs. Gould is a fascinating woman, but when she has been drinking her manner changes. Mr. Gould will, in his answer, describe how liquor affects her. He pleaded with his wife to stop drinking. Things got so bad that one day he told her plainly she either must give up liquor or give him up. Her reply astounded the case."

Mr. Gould is willing to provide liberally for his wife, but will not give the ridiculously large amount of money she demands. He would not object if she would go to 20 in another State and get an absolute divorce.

Mrs. Gould's attorneys said today that the story from Gould's side that Mrs. Gould demanded \$400,000 from her husband by way of a settlement was untrue. The Gould case has been dropped by police headquarters according to a statement made there this morning.

LIBERAL DONATION TO STRIKING CARMEN

Local No. 36, Carpenters, met in their hall, 1015 Clay street last night, and donated \$500 to the striking carmen of San Francisco. They donated \$100 to the laundry workers last week.

Quite a bit of animation was shown when it was stated that a report was being circulated that the carmen intended going on strike for \$6 a day, and a resolution was adopted denouncing the report, stating it was false and probably the work of agents of associations opposed to organized labor, for the purpose of augmenting the already unsettled condition of the building industry in this district.

DEATH COMES TO SUFFERER

Little Victim of Auto Accident Passes Out Yesterday Afternoon.

MELROSE, May 30.—Death relieved little Edith Youlton of her sufferings yesterday afternoon, forty-eight hours after she had been run down by Miss Florence Henshaw's automobile. Her mother, who was hopeful of her recovery to the last, collapsed when the end of her only child came and was in a very serious condition last night at Dr. Wise's residence.

A pathetic incident in the case was mentioned yesterday when a lady who had rushed to the scene immediately after the accident conveyed to the parents the last words spoken by the child as she lapsed into unconsciousness. They were: "Edie want to be buried in the street." She had always been warned by her mother not to go to the street for fear of mischief, and was noted for her dutifulness and obedience. Her last words showed that, crushed and torn as she was, mother's warning had been remembered and obeyed.

VICTIM OF A SALOON BRAWL

Proprietor of Livermore Hotel Passes Away at Alameda Sanatorium.

LIVERMORE, May 30.—John D. Collins, proprietor of the Livermore Hotel, lies dead at the Alameda Sanatorium with a fractured skull received directly or indirectly, as the result of a drunken saloon brawl here Monday morning, having been taken down Tuesday afternoon in a critical condition to the hospital where an operation was immediately performed on the back of his head, but from the first no hope was held out of his recovery.

ROW IN SALOON. It appears that on Monday morning Collins got into an altercation in J. Sweeney's saloon with the bartender, John Twomey, who proceeded to put him out of the place, and Collins, striking heavily with his head, was able to go home to the Livermore Hotel, where he fell asleep in a rear room and he was apparently not injured. He was sleeping for several hours, when it was found he could not be awakened by any means, and a physician was sent for. A case of concussion of the brain was found and an operation was decided upon as the injured man failed to recover consciousness and paralysis set in on the right side of the body.

PASSENGER AWAY.

He passed away Wednesday evening at 8:30 o'clock at the Sanatorium. The remains will be shipped here for interment. Deceased was a native of San Leandro, but since childhood a resident of Alameda and this place, and one of the valley's best known citizens. Deceased was thirty-seven years of age and unmarried. He leaves his father, John Collins of Alameda, a brother, Jeremiah Collins of this place and an uncle, Dennis Collins of San Francisco.

Varying reports are current here as to just how the trouble between Twomey and Collins occurred that resulted in the latter's death, and accounts disagree as to the cause of the trouble. It is said that Twomey, who has naturally caused much discussion, Twomey has not so far been placed under arrest, however, and it is not known whether he will be or not.

PULLING OF TEETH RESULTS IN DEATH

FITCHBURG, Cal., May 30.—William W. Bentley died in Loma Vista yesterday afternoon from hemorrhages of the gums, brought on by the extraction of two of his teeth. On Sunday morning Bentley visited a dentist and had the teeth pulled. The hemorrhages started almost immediately, and continued without cessation for three days, when his death resulted.

It is said that from childhood Bentley had been peculiarly liable to severe losses of blood. Slight cuts and wounds induced severe bleeding spells, which had on several occasions endangered his life. A few months ago he sustained a trifling wound on the hand, which bled so obstinately that it was necessary to strap his arms at full length above his head for several days before the cut was healed.

Bentley was employed in the grocery store of J. E. Johnson. He was 24 years of age.

The Office Boy and the Girl

It always hurts a girl more or less when her best fellow calls with a two days' growth of whiskers on his face. Did you ever notice our leading man—I mean the floor-walker? I asked him one day if he ever used a whisk broom to comb his whiskers, and another time I asked him if he was acquainted with Governor Brush and he caught on right away and, yes, he got red-headed in a little minute. He told me that the next time I referred in any way to his personal appearance, either directly or indirectly, I had better bring a pillow with me, for we'd settle these matters in the basement outside of business hours. I guess he is capable of dressing me down, all right, all right, but I'll not get funny with him again until he has had time to forget it. If you want to dress down to the minute—and for any private function like a soiree or a wedding, suits, Prince Alberts and Tuxedos, \$25 to \$45. Full dress \$30 to \$50. Silk hats, the real French mustards, for \$7.00 and all the fixin's—white dress shirts, white vests, white silk suspenders, white ties, black silk and hose, cuff links, shirt buttons, in fact everything including gloves. OPPOSED TO GUGGENHEIM

Eden Township Would Participate in Political Watermelon.

HAYWARD, May 30.—The Home Protective Association of San Mateo has written to the Hayward Board of Trade, requesting its co-operation in its fight against the Guggenheim Smelter at Baden.

Political forces are at work to secure recognition in Sheriff Barnett's office for Eden Township. After the last election much feeling was developed when it became known that this stronghold of Republicanism had received no appointment from the sheriff and now that a vacancy exists it is hoped that he will restore good feeling by giving the place to some deserving member of the party here.

MAN BROKE INTO JAIL; THOUGHT TO BE CRAZY

August Gues, the young German, who begged to be locked up in the county jail yesterday morning, is to be examined tomorrow morning for insanity by Drs. Wood and Dukes before Superior Judge Wastes.

He is the same man who wandered about in the Berkeley hills several weeks ago, terrorizing a number of university on-eds who chanced that way on a little picnic.

Deputy Sheriff Reilly and Sheriff made a fruitless search for Gues at the time, but were unable to locate him. He was arrested a couple of weeks later by the Berkeley police and sentenced to the county jail for disturbing the peace.

Judge Edgar, of the college town, suspended judgment on Gues, but he appeared at the jail the following day crying to be imprisoned.

Because of his anxiety to break into jail, he will be examined for his mental condition.

MELROSE, May 30.—Fruitvale Temple No. 30, Pythian Sisters, will give an entertainment and dance at Blackman's Hall tomorrow evening. SCOTLAND YARD WILL HELP TO INVESTIGATE

NEW YORK, May 30.—Father Kasper, the Armenian priest who was murdered in a West Side tenement last Wednesday and whose body, jammed in a trunk, was found Sunday, will be buried Sunday from the Armenian Apostolic church, in West Harlem. Thus far no clue to the whereabouts of the priest's suspected murderers has been found.

Advices from London say that the detectives of Scotland Yard are interested in New York's trunk murderer mystery, and will send the steamers America and Princess Alice, which left New York last Thursday, on arrival there. The Armenian colony in London is also under scrutiny. The London police are inclined to believe that the murder grew out of a political plot.

Preserve the Significance Of Memorial Day.

Memorial Day will have lost its significance, will no longer symbolize the ideals of patriotic duty and the lofty sense of civic responsibility of the mighty struggle and the noble sacrifice it commemorates if it be allowed to degenerate into a day of ordinary jollity and merrymaking. Neither will it respond to the exalted sentiment which conceived it if the spirit which prompted the men of 1861 to leave the workshop, the plow, the counting house and the classroom to go forth as soldiers in one of the greatest wars recorded in history.

Memorial Day was not set apart for idle ceremonial. It was not intended to be a mere holiday. Nor was it permanently established as a period of mourning for those who perished in the Civil War. Neither can it be properly regarded as the annual celebration of a great victory or of recalling the noble deeds and the courage and rare devotion of those who gained the victory that an undivided nation "conceived in liberty and dedicated to equal rights" might live.

On the thirtieth of May we mourn our heroic dead, recall their splendid achievements, glorify their patriotism and rejoice in the success which crowned their efforts and self-sacrifice, but behind all this lies something deeper and more enduring than plaudits of victory and grief for the slain. Death awaits us all, whether upon the field of battle or a couch of lingering disease. Those who die bravely in a good cause leave a legacy of honor to their descendants. When time has healed the hurt to affection and mellowed sorrow to a sweet remembrance, memory recalls more what was gained by the loss than the grief the loss occasioned. Pride and admiration subordinate sorrow in contemplating over their tombs the untimely end of men who met death in defense of their country or suffered it for some cause precious to humanity. The heart swells in proud kinship with men who placed liberty above life and country above hardship, danger and suffering.

Still Memorial Day cannot retain its animating inspiration if it cease to typify in the mind of present and future generations a fundamental righteous truth. It rightly apotheosizes duty. The particular duty it commemorates was selected because of the general response to its call in an extreme exigency of vital import to mankind and pictorially emblazoned on the pages of history. It was not material prosperity for which Americans met each other in bloody conflict on a thousand fields from 1861 to 1865. They did not fight over lands and money as dogs do over a bone. They did not fight for the love of fighting or to glut a hatred. They did not meet in an embrace of death because they lust for power or dominion, or followed some military chieftain to conquest and glory.

They fought what duty called them to fight for—an idea. An issue had arisen which tested the ability of a government by the people, of the people and for the people to survive. Here at stake was a principle as wide as the world and as all-embracing as humanity. It would not perish if it suffered defeat at that time, for principles never die, but it could not survive unless watered by the blood and tears of noble men and women consecrated to duty. Man is born in travail and anguish, and as the race advances it meets successive crises which cost the blood and suffering and tears of the best of the human family to surmount. Every birth of a nation is accompanied by inexpressible pain, and oftentimes the fairest and noblest die that something still more precious shall live. In the birth of a child often the mother gives up her life that her babe may live. So it is with nations and great causes. Liberty is precious because it is preserved in the blood of martyrs.

But if the meaning of the word duty be lost, celebrating Memorial Day will be an idle and profitless ceremony. Duty means being right, doing right, assisting the right, and fighting for it if necessary. It may be that an individual, a class, a community or a political division cannot be wronged without inflicting a public wrong, but if the majority selfishly and supinely permit the wrong to be committed because resistance will necessitate a struggle involving expense, hardships and sufferings, or perhaps death, mankind sustains an inestimable loss. The loss is in the spirit of the people, in the reasons for their failure to respond to the call of duty in defense of the right, the subordinating of principle to sloth and cowardly expediency.

If we give over Memorial Day to boasting platitudes of military glory and material prosperity, of vaunts regarding our wealth and power, we will be approaching that state of self-sufficient degradation which characterized the Romans in the days of the Caesars. They boasted of the extent and power of the empire, of the prowess of her legions and the supremacy of her laws and consuls over the earth, but they had lost all conception of the word duty and had no inclination to defend the right. Hence they lost their liberty while boasting loudest of it. While the imperial cohorts were overrunning Britain and Germany, justice was bought and sold in Rome, oppression and corruption prevailed everywhere, and mercenary military chiefs put up the imperial crown to the highest bidder.

The Romans still boasted of the example of Cincinnatus, the defense of Horatius at the bridge, of the heroism of Regulus and the ancient motto of the Roman soldier to return victorious or on his shield, but they had lost the spirit to emulate the deeds of their illustrious ancestors. Right was corrupted into whatever might, venality or expediency dictated, and duty was a word without a meaning. Consequently when Rome presented the greatest external magnificence she was rotting at the heart and sank into ruin because the sacrifices of her glorious dead were neither understood nor appreciated.

Pray God it become not so in this country. Let us hope that the extension of our farflung battle line into Cuba and the Philippines will not lead us to submit to wrong and corruption at home. We must remember what duty meant to the men of 1861 if we would honor their memory properly. We must stand for the right, speak for the right and battle for the right if we would preserve untarnished and precious the heritage they left their country and posterity.

The Baltimore Sun still clamors for the Democrats to nominate a Southern man for President. As available material it suggests Senator John W. Daniel and Governor Montague of Virginia, Judge Gray of Delaware and Senator Culberson of Texas. All are good men, but Daniel is getting pretty old. However, William J. Bryan is stronger in the South than any one of these favorite sons outside of his own State. That is, Bryan can carry every Southern State except Texas against Culberson and every State in the South save Virginia against Daniel. Moreover, Bryan has the Southern temperament and is of Southern ancestry. Not a single one of the South's favorite sons dare contest with him for the favor of Southern delegates. Therefore the talk of nominating a Bourbon from the South is harking back to befo' de wah conditions.

NO FLIRTING OF THIS KIND HERE.

Is the San Francisco Bench Corrupt?

While examining talesmen in the Schmitz case Mr. Heney has more than once broadly accused the Superior Judges of packing the jury lists. It was an extraordinary charge to make, but since it was made by a public prosecutor in open court before a member of the bench against whom the accusation was hurled, it demands serious attention.

Mr. Heney once before said in a post prandial address that a majority of the San Francisco Superior Bench were corrupt or incompetent. Now he broadly charges that the jury rolls have been deliberately stuffed. If the charges of Mr. Heney are true, the judiciary stands in greater need of purification than the other departments of San Francisco's government. If they are untrue, they should not go unchallenged.

Mr. Heney stands before the public in the attitude of a volunteer captain in the crusade against civic corruption, and what he publicly says in regard to the magistracy must be accepted as coming from a responsible source. His wholesale impeachment of the nisi prius bench of San Francisco pictures the very acme of civic degradation.

Is it justified? That is what should be ascertained, that the people may know whom to trust.

Drawing juries in the draft cases could be simplified and expedited and relieved of a good deal of squabbling by allowing Mr. Heney to go forth and select his own talesmen.

THE LAW NOT A PRIVATE IN- QUESTIONS.

Editor TRIBUNE:—As the TRIBUNE said last night "The machinery of justice (in San Francisco) is in the hands of a private junta." It is the truth and that it is true, is alarming. Even if we assume that this junta is inspired by pure, patriotic motives (which the facts and conditions do not warrant), we may properly ask by what right do the individuals constituting this junta presume to assume the government of a city in this republic.

As we are "many men of many minds," we differ in our opinions as to what is essentially right and just so the founders of this republic formulated a document, almost sacred, which we call the constitution and to which we, as loyal citizens, must all subscribe. This document provides that the men who make and execute the laws by which we shall be governed, shall be duly elected by the people. Any self-constituted committee or junta, even though they be composed of members of a merchants' association, chamber of commerce, board of trade, manufacturers and producers' associations, the representatives of the "business and financial interest" are extraneous and anarchistic, and if we are to transmit to our children a government in which the law is supreme, must not be tolerated for an instant. If a trusted official violates his sacred obligation, remove him from his position by law; if there is a law by which it can be done; if there is none then we are to blame for not having one to reach his case, and must endure it for "What can't be cured, must be endured." We need "the recall."

We must not recognize self-constituted juntas and vigilance committees. They have no legal authority; no right to make laws or impose penalties, and if they assume to do so they are anarchists and we might as well at once recognize Judge Lynch.

NEW WOMAN AND THE OLD.

The fair young woman, with the lofty forehead, was addressing a gathering of ladies. "I advise all of you to be new women," she said. "I urge you to pay no heed to the gibes about new women that are being continually uttered by men. It isn't a fine type of man that talks in a sarcastic vein about the new woman. You know the story of the man in the country jail? 'What brought you here, my poor fellow?' a missionary asked. 'I married a new woman, sir!' the prisoner groaned. 'And she was so domineering and extravagant that it drove you to desperate courses, eh?' 'No,' replied the prisoner, 'it was the old woman 'bored up.'"

LANDLORDS AND RACE SUICIDE.

OAKLAND, Cal., May 23. (AP.) Editor TRIBUNE: Allow me to appear in the columns of your most valuable paper. In reading one of the San Francisco morning dailies, I noted where one of the Los Angeles city fathers is trying to make an ordinance by which a landlord shall be charged with the crime of misdemeanor or in rejecting any would-be tenant, because they have children, I quite agree with this gentleman from the South. In regard to this question, I refer to you a case about three months ago, right opposite my door, where a family were compelled to sleep two nights in the open air because a proud landlord thought his house was too good for children to live in. This will surely appeal to every air-minded citizen. Is it right that these landlords shall drive away a tenant just because they have children? What would be the world without the children? I have heard of not only one case, but of a few. Therefore the State Legislature should make this a law, and not simply a city's ordinance. Thanking you in advance, I remain yours for good government.

YANKEE SWEET TOOTH.

Americans certainly have a sweet tooth. They eat more sugar than any other people—twice as much as Swedes at home, nearly three times as much as Frenchmen, and more than twelve times as much as Italians. In general, the people of cold countries eat more sugar than those of warm countries. They need more because their consumption per capita is given in the Milan market as: United States, 22.46; Great Britain, 17.33; Denmark, 11.21; Switzerland, 53.35; Sweden-Norway, 48.57; Germany, 22.40; Holland, 22.16; France, 22.17; Belgium, 23.04; Austria-Hungary, 22.57; Russia, 12.22; Portugal, 15.69; Spain, 10.27; Greece, 10.07; Turkey, 9.75; Bulgaria, 7.78; Roumania, 7.52; Italy, 7.46; and Serbia, 6.75. Italy's low consumption is interesting as sugar there retails for about 16 cents per pound. The high taxation on sugar, says a recent writer in one of the foremost Italian reviews, "instead of being, as in other countries, a common ingredient of the food of the people, is looked upon as a luxury to be used only on some grand fête day or in sickness." The high consumption in Great Britain, Ireland, Denmark and Switzerland is plainly due to the use of sugar in jams, chocolate and the like for export. But the Americans eat their pound of sugar apiece every four days without any help.

SOCIETY GIRL'S DOG TREATED FOR OVERDOSE NAPKIN

WHAT D'YE THINK OF THIS?

Fashionable Young Woman's Pet Goes to Doctor in Cab After Sadly Forgetting His Manners.

PHILADELPHIA, May 20.—To be cured of a napkin, a beautifully ugly specimen of the bull terrier, owned by Miss Anna Rice, was taken by its mistress yesterday to Dr. J. J. Maher's veterinary hospital, at Marshall and Master streets.

Miss Rice is fashionable, and lives at 1326 Locust street, so the dog has had all the advantages of high society from infancy. He is sufficiently fashionable to have appendicitis.

Miss Rice arrived at the hospital in a cab with the patient in her arms. She explained to the doctor that they (the Rices) had ice cream for dinner Wednesday night, and she had given the terrier, who is very fond of it, some on a plate, first spreading a napkin over all.

"His table manners have always been excellent," said Miss Rice, "but in some unaccountable manner he swallowed the napkin, as well as the ice cream."

"Yes," replied Dr. Maher, carefully punching the dog in the sides, "his stomach is distended. Has he shown any ill effects from his linen meal?"

"Well," replied Miss Rice, thoughtfully, "I can't say that he has exactly, but he wasn't very kind this morning."

Without going into the details as to whether or not an operation would be necessary to remove the napkin, Miss Rice left the dog in Dr. Maher's care. The veterinarian told her to come back again this afternoon, when he hopes to deliver the napkin.

4,833,630 WOMEN ARE AT WORK IN UNITED STATES

WASHINGTON, May 20.—"Women at Work in the United States" is the subject of a report issued by the Census Bureau, based on the returns in 1900. The total number of women, sixteen and over, was 23,485,559, while those at work numbered 4,833,630, most of them young.

The number had more than doubled in the twenty years from 1880 to 1900, and there was a noticeable increase of bread-winners among married women. In 1900 women were represented in all but nine of the 203 broad-winning occupations. Five women were pilots, on steam railroads 10 were baggage-men, 31 brakemen, 7 conductors, 45 engineers and firemen; 43 were carriage and hack-drivers, 6 ship carpenters and 2 roofers and slaters, 185 were blacksmiths and 508 machinists.

IF MEN WORE THEIR COAT TAILS IN FRONT?

What Would You Women Say?

By persistent patience we hope to make women realize that it is foolish to spend their money on changing fashions—especially when these fashions spoil their good looks, says the New York Journal.

This year, for instance, every woman who can afford it is prancing around with a hat turned hindside before.

Last year every woman had a hat sticking far out in front, with a little bobtailed back to it.

And this year they have all got their hats sticking far out BEHIND, with a little bobtailed FRONT. And they are as happy as if they discovered the law of gravitation or squared the circle or the butcher's bill.

If you ask them WHY they wear their hats as they do this year they will tell you that it is because they wore them the other way LAST year.

Now, why will you women not be sensible? You want to be considered men's equal, and you are the equals of men, and their superiors in almost everything except common sense about clothes.

What would you say to a man if he came to your tea party with his coat tails fastened to the front of his coat? Wouldn't you think him ridiculous? Wouldn't you call him absolutely foolish if he explained his costume by telling you that he wore his coat tails in the rear LAST year and changed them around to the front this year for the sake of variety?

If he did this to please himself, it would be foolish enough. But if you learned that he allowed himself to be fixed up in this ridiculous fashion because his tailor invented the scheme to make money out of him and compel him to throw away the old coat, you would think him not only foolish, but almost idiotic.

You would say, "For goodness sake, go home, cut off those coat tails and sew them on where they belong."

That is exactly what men feel inclined to say to you women when you waste your time and your money and your energy with your foolish, senseless fashions.

Of course, for the few that are rich and idle it doesn't matter.

It is perhaps better for them to be thinking about a hat than about something more harmful.

Unfortunately, however, the amusement of the idle rich often means worry, sorrow and disappointment for young girls who cannot dress as fashion demands.

Only the other day a poor young girl threw herself into the river. She was driven to suicide by despair because she could not dress well enough—as she thought—to look attractive. Nobody knows the pathetic effort that poor girls make to seem fashionable, and all because of a bad example. When the short sleeves—which are ugly and not modest—came into fashion, poor girls began tucking up or cutting off the old sleeves.

When a girl, by saving, has got money to buy a good warm coat, some idiotic fashion comes along to change the sleeves or tails, or front and make her almost ashamed to wear it.

Women, can't you realize that the important things about you are your face, your common sense, your figure, your hands, your feet, your waist—AS NATURE MADE THEM?

Don't you know that you ought to use your talents in decorating very simply the beautiful work of Nature? Don't you suppose that the hundreds of thousands of years that Nature has spent in developing you must give a better result than ten or fifteen minutes' foolish thinking by a foolish hat maker and corset maker? Be sensible; stop your nonsense!

Arm Views and the Awards

SILK STOCKINGS AND GLOVES FOR PRIZES

Art, even to the most exquisite degree, has been exploited here in Oakland and Alameda County because of the rivalry of arms brought about by THE TRIBUNE. In the fields of sculpture, painting and photography, of which this heaven-favored region is the especial locale, there is now an enduring nurture, and that stock of vigor, to be applied to the study and depiction of fine art, has been bred and is leavened by the success of this journal in inducing women of lovely mould and dramatic trend to give of their time and pose for pictures of themselves which should indicate natural contour of arm from hand to shoulder.

Day after tomorrow this trophy tourney will end. Until the close of that day volunteers may enter the lists. New entries may contribute their own portraits, or a visit may be made to the gallery of Shaw & Shaw and at that atelier the camera can be invoked to supply a fresh likeness of the patron who desires to be a recruit for the exposition of arms now in progress. By addressing "Phidias, THE TRIBUNE," you will secure a free order for photographing, and you should use that mandate sometime between 10 a. m. and 6 p. m. on Friday or Saturday.

It must be reiterated that views submitted for approval will not be printed here unless optional, and all pictures will be considered by a committee of award. If deemed advisable certain depictions will be published without betraying the definite identity of the subject.

HINTS FOR BEAUTY

The moment pimples and cold sores appear on the face take a dose of citrate of magnesia, which will cool the blood and put the system in better condition.

Bad soap will injure the skin, so will poor cosmetics. The nightly application of some pure, soothing, cosmetic to overcome the wear and tear of the weather is absolutely necessary.

One of the most healing applications in the case of bad burns is made from raw potato without adding anything to it. Grate it freshly every time the poultice is to be changed, and after putting it thickly on a cloth, lay over the burns. The heat of the burn will yield like magic to its dripping coolness, which, however, dries rapidly. It should be renewed as fast as the juice of the vegetable evaporates. Burns treated in this way rarely leave a scar, no matter how severe they have been.

PRETTY MAIDEN CHARGES JUROR

Damaging Testimony Given

Pretty Lola Nichols gave further testimony yesterday afternoon relative to the interviews she claims to have had with Juror J. E. Strauss who sat on the jury that convicted her sweetheart, Thomas Middlemiss of obtaining money under false pretenses. She told Judge Waste on examination by Deputy District Attorney John L. McVey, that she was very much disturbed over the conduct of Strauss when she went to his room at Seventh street and Broadway over the Osgood's drug store, and he attempted to attack her.

"After coming from Strauss' room, I met Colonel Cuddy and we went into Barnum's and he told me I could have whatever I wanted to eat and drink," said Miss Nichols on the stand yesterday, "so I ordered some salad and a bottle of beer."

She said she felt much easier after partaking of a few refreshments with Colonel J. E. Cuddy, and was able to

go to the court house that afternoon, but the following day she was too nervous.

Affidavits and counter affidavits are being heard by Superior Judge Waste for and against a new trial. He said from the bench yesterday that if a new trial was to be granted, it would be on the fact that Juror Strauss said he would hang the jury if Miss Nichols would consent to his wishes. In order that the contradictory statements which continually are arising concerning the approaches said to have been made by Strauss, may be finally settled, the motion for a new trial was continued until next Tuesday afternoon.

Middlemiss is in the county jail, having been convicted of obtaining \$875.25 from A. F. Derrick, on the pretense of selling a half interest in a blacksmith shop and automobile garage at San Leandro which it is claimed did not belong to Middlemiss.

MISS ESTHER HANSEN OF THIRTY-SEVENTH ST., OAKLAND

WHAT SHE SAID

It filled me with profound disgust. She said: "I think he's splendid, just!"

And this, too, left a lively sting: "He is too sweet for anything!"

She said—it gave me some surprise: "He has such fascinating eyes!"

"Now, don't you think—(ye gods above!)—I do—that he's a perfect love?"

And then to have one's heart's own choice, Talk of the fellow's thrilling voice!

And add a strawstack to the pile By speaking of his "winning smile"!

When she remarked his graceful form I felt the symptoms of a storm,

And when she whispered softly, "Jim, I'm certainly in love with him,"

I wanted, such my righteous rage, To kick that fellow on the stage,

That strutting, smart, conceited ape Who travels on his pretty shape.

Also, if I should speak my mind, I think Rosina had a rind.

But then, I know Rosina's ways, She talks like that at matinees.

STROUDSBURG, Pa., May 30.—Judge Chas. L. Staples today came to the rescue of young housewives who have still to learn the art of cooking and housekeeping. Charles Nace, 19 years old, had been arraigned for failing to support his wife and baby. He gave as an excuse his wife's inability to keep house. "Young man, your wife is nothing but a girl," said the court. "You can't expect her to keep house for you as if she were a woman. She must learn, and I believe that she is willing to learn. Why, when I was married, my wife was only 18, and she, too, had to learn, and did learn. Perhaps we, also, at first had our ups and downs, but we bore and forebore and got over it."

TRINIDAD, Colo., May 30.—John Volotti, in Italian workman who has been employed in the Raton tunnel, was picked up by the crew of a Santa Fe freight train yesterday morning about three miles west of Trinidad, with one foot cut off. He was brought to the hospital here. The man was unconscious at the time he was found, and as soon as he regained consciousness after reaching Trinidad, he asked for his foot.

For the first time it was discovered that nobody had paid any attention to the foot, and it had been left on the ground near where Volotti was picked up. Volotti said he had \$300 in bills in the shoe on the severed foot. A man was sent back after the member, along the track where the accident occurred, but could not find either the shoe or the foot, and it was evidently picked up by tramps. Volotti was stealing a ride to Trinidad on the freight when he fell off and his foot was run over. He is greatly excited over the loss of the money.

"And why wouldn't you let him go, Norah?"

"Because, mum, they're havin' charrades, so he said, an' I wasn't sure whether he'd had him or not."—Harpers Weekly.

CHICAGO, May 30.—A dispatch to the Tribune from Sioux City, Iowa, says:

One hour's din for each of the twelve children of a newly married pair, Mr. and Mrs. Henry Brown, was furnished by 200 charivari, who, after keeping a section of the town awake all night, were dispersed by the police at daybreak yesterday.

The record-breaking charivari was given because the man had seven children and his bride, a widow, five. As a result of the twelve hours' serenade, the house of the bride's father is almost wrecked, its porch torn off, windows smashed up and screens torn down. The outbuildings were broken up to furnish clubs and tom-tom beaters. Piles of cans, pans, scrap iron, dishes and clubs were left in the yard, giving the appearance of a cyclone.

TWO SISTERS HAVE ECZEMA OF HEAD

Two Illinois Girls Suffer from Scalp Trouble—Another Sister Needs a Tonic—Friend Suggests Cuticura—They Use It and Now Give

MUCH PRAISE TO ALL CUTICURA REMEDIES

"I must give much praise to all the Cuticura Remedies. I used but one cake of Cuticura Soap and one box of Cuticura Ointment as that was all that was required to cure my disease. I was very much troubled with eczema of the head, and a friend of mine told me to use the Cuticura Remedies, which I did, and am glad to say that they cured my eczema entirely. Since then I have always kept the soap on hand at all times. My sister was also cured of eczema of the head by using the Cuticura Remedies. Another sister has used Cuticura Resolvent and Pills, and thinks they are a splendid tonic. I cannot say exactly how long I suffered but I think about six months. Miss Edith Hamner, R. F. D. No. 6, Morrison, Ill., Oct. 3, 1936."

HER HUSBAND IS PICKPOCKET

Wife Swoons When Face to Face With Man Who Snatched Her Purse.

PHILADELPHIA, May 29.—Appearing in the fifteenth street police station to prosecute a man whom she had arrested for snatching her pocketbook, May Winkles, of Bainbridge street, fell in a swoon when she saw that the prisoner was her own husband. When the purse was stolen at Twenty-first and Market streets she did not see the thief's face but the police caught him and locked him up, instructing the woman to appear at the hearing.

When she recovered consciousness she refused to press the case and Magistrate Gallagher decided that a man can't steal from his wife anyway. So Winkles was discharged and left the station house arm in arm with his wife.

The suit is the result of a move to transfer the college to Tulsa, which town recently offered \$10,000 for it. Mrs. Thaw of Pittsburg, mother of Harry Kendall Thaw, added a large endowment to Tulsa's offer.

BIG ROUNDHOUSE READY FOR USE

Foundations Laid for Two Splendid Depots for Southern Pacific Company.

The big modern \$25,000 roundhouse, which has been under the course of construction in the extreme western end of the Southern Pacific yards at west Oakland, has been completed and the spurs connecting with the main track have been laid into each of the thirty-two stalls. The engines now resting in the old barns will be switched into their new home tomorrow morning. The new roundhouse is considerably larger than both of the old ones. Several engines which are now stationed, when idle, at the Sacramento end will be brought down to the Oakland run.

WIDEN TREESTLE

The trestle opposite the roundhouse is being widened to permit the installing of two additional spurs for emergency use. Work of laying the tracks will begin as soon as the trestle is repaired.

Several hundred thousand ties are being cut at the company's saw mills for use in the new tracks and a large quantity of these ties will be sent over to San Francisco for the same purpose.

Twelve more tracks will be laid to connect with the roundhouse and between here and the other side of the bay as soon as the fill that lies between the main track of "made" land and the freight trestle is completed. Work on this "made" land is progressing steadily, and the big dredger that has been operating out in the bay is kept going night and day to hurry the work along. It was necessary to do considerable repair work on the freight trestle before the work of filling in could be begun. This work consisted of boarding the sides and strengthening it all the way from the mole junction to its western terminating point opposite the passenger depot at the end of Oakland pier.

DEPOT FOUNDATION DOWN.

The foundation on the new \$30,000 depot to be erected at First and Broadway has been laid and the work of construction will begin immediately. The building will be equipped with two large waiting rooms and will be modern in every detail. The structure will be two stories high, the upper floor to be used for offices for various departments of the company. Both the women's and men's waiting rooms will be large enough to accommodate several hundred passengers. Excavation for the Berkeley depot. It will be the best of any of the Southern Pacific's depots on this side of the bay. The foundation for the Berkeley depot has also been laid and the work on the building is under way.

An overhead bridge from the race course at Emeryville to Shellmound park is under the course of construction and will be completed in a short time.

The large machine and power houses that are being erected in the West Oakland yards are nearly completed and the installing of the machinery will begin in a few days.

With the exception of the taking on of a few extra men in the shops, there have been no changes in the force of any of the departments and the reports are that the company is running full handed.

Piedmont Baths.

First-class Turkish and Hammam baths. Finest service on the coast; experienced attendants; also swimming tank for ladies and gentlemen. Take Piedmont car.

"My Cake's Dough."

Did not use Sperry's Flour.

SHASTA LINE BLOCKED BY BURNING TREESTLE

HORN BROOK, May 26.—Bulley Hill trestle, on the Southern Pacific main line, six miles north of here, was burned last night and will be a total loss. The company had more than 100 men fighting the fire, but they were able to save little or none of it, as it is near the top of a dry hill and the wind was blowing from a dry hill and the wind was blowing from a dry hill and the wind was blowing from a dry hill.

The Shasta route will be blocked for three or four days. No. 12, which left San Francisco yesterday morning, is held at Dunsmuir and both sections of No. 18, which left San Francisco last evening, are delayed at Montague.

MISS DORIS BIEHLE'S EXCELLENT SINGING

In the production of "The Sultan of Sahara" this week at the Eighth-street Theater, Miss Doris Biehle makes a pronounced hit as the Sultan's "favorite wife" by her splendid singing. She renders in her lyric soprano voice "Egyptian Mair" in a manner that captivates the audience. The young lady has a bright future and her services are eagerly sought after by theatrical managers, as she scores a success wherever she appears. Miss Biehle is a San Francisco girl and is also well-known on this side of the bay, where she now resides, and her many friends are glad to see her rapid advancement in her chosen profession.
